

Recycling

for Mid-Size Businesses

SAVE MONEY

RESOURCES

City of Emeryville Recycling Information

510-596-3728

Call the City of Emeryville for:

- General information
- The most recent list of recycling vendors
- Information on mini-grants for internal recycling bins and supplies

1-877-STOPWASTE

Call StopWaste.org for:

- Information on recycling items not accepted for weekly collection, such as electronics
- Recycling and waste reduction assistance for companies with over 20 yards of trash per week

Being a *businessperson*,

choices every day that affect your bottom line. One of these is the choice you make about your trash and recycling. It's a little known fact that **recycling** can save you money.

By reviewing the types of waste your business generates, then maximizing recycling, your business should be able to **reduce** the amount of money it spends on garbage collection.

By choosing to recycle at your workplace, not only will you be **saving** money, but also valuable resources and energy. Your efforts will help reduce greenhouse gas emissions, **contribute** to the local economy and help Emeryville reach mandatory state and local recycling goals.

Funding provided by a grant from StopWaste.org
100% recycled, 50% post-consumer content paper. Processed chlorine-free.
Printed by Tulip Graphics, an Alameda County certified Green Printer.

ELIGIBILITY

This program is for businesses with more than 2 cubic yards of trash collection per week. For customers with less than 2 cubic yards, contact the City of Emeryville at 510-596-3728 for recycling options. If you're not sure how much trash your business generates, please call Waste Management at 510-613-8700.

HOW THE PROGRAM WORKS

Mid-sized businesses can get rate quotes from the service provider of their choice. Inside this brochure is a list of recycling vendors, and the types of material each collects. Each vendor has its own rates and each uses a different system of carts and collection schedules. You have the freedom to choose the vendor that works best for your business.

RECYCLABLE
