News from the Institute for Local Government

AB 1661 Sexual Harassment Prevention Training

We are partnering with the League of California Cities and Renne Public Law Group on an **AB 1661 Sexual Harassment Prevention Training Webinar**. AB 1661 requires local agency officials to receive two hours of sexual harassment prevention training and education within the first six months of taking office and every two years thereafter if the agency provides any type of compensation, salary or stipend to those officials.

Webinar: Thursday, August 16th 1:30pm - 3:30pm

[Click here to register.](#)

Webinar attendees must be present at a computer to participate, and confirmation of active participation will be determined by answering a series of questions via email following the webinar. Each attendee must have an individual registration in order to receive a certificate of completion.

The League and Institute for Local Government recommend that city officials consult with their city attorney to confirm this webinar satisfies the requirements of the local agency.

In Case You Missed It: Homelessness Webinar

Learn more about lessons learned and the Homelessness Task Force Report, developed by the Joint Homelessness Task Force of the League of California Cities and the CA State Association of Counties, to help local governments begin to tackle this complex issue.

Three Ways to Connect With Your Community's Youth

Connecting with your community's youth to promote civic education and engagement provides a number of benefits and has the potential to create a generation of active, informed citizens. Learning more about local government functions, roles and responsibilities also builds youth awareness of public sector careers. In addition, youths gain a better understanding of the importance of voting, volunteering and voicing their ideas and concerns when it comes to their community. Local governments across the

state are implementing a range of youth-focused civic engagement and education efforts, both small and large scale, that best meet local needs and align with available resources.
